

WORKERS' COMPENSATION

ORTHOPEDIC
ASSOCIATES
of HARTFORD

For employers who care about employees, we provide the best orthopedic care in the state.

Orthopedic Associates of Hartford is highly respected for workers' compensation related care. We partner with the State of Connecticut Workers' Compensation Commission to help develop clinical protocols and standards.

Welcome to the Orthopedic Associates of Hartford Workers' Compensation Center

Individuals who have been injured on the job are a priority for Orthopedic Associates of Hartford. We get your employees in quickly so one of our orthopedic specialists can provide an immediate diagnosis, plan of care, prognosis, and a timeframe as to when the injured worker can return to work safely and appropriately. Our experts are able to rapidly determine the severity of the injury and the likely course of recovery. And, we keep you updated on their progress, every step of the way.

Immediate Care

We get injured employees in for same day visits during business hours and offer walk-in Urgent Care on nights and weekends.

Timely Reporting

Each physician has a dedicated Medical Executive Assistant that will serve as your point of contact on all workers' compensation matters.

Comprehensive Care

One stop seamless access for immediate care, X-rays, MRI, casting, physical therapy, and surgery.

Leading Experts

Our dozens of specialists are regarded as Connecticut's premier orthopedic experts for over 50 years.

Convenient

Patients can find care close to home in one of our many locations throughout Connecticut.
